

POWDER RIVER INDUSTRIES

Powder River Industries develops cyber architecture design, transition and implementation within the data center and cloud environments (Microsoft Azure, AWS, Oracle).

Phone: 307.460.2872 **Email:** Contact@PowderRiverIndustries.com **Website:** PowderRiverIndustries.com

Differentiators:

- ISO 9001: 2015 Certified
- Top Secret & Q Facility Clearance
- CONUS/OCONUS Support
- Multi-state service and work locations
- Financially responsible for scaling
- Multi-certified to meet small business goals

SW Dev

Inception, design, implementation, maintenance, and audit or disposal, risk management plan

Design and development, modifications, configuration management, traditional and agile methodologies

System Development Life Cycle

Design, build, operate, maintain, regulated secure enterprise network and data center up to 600,000 users

CM/DM, Integrated Logistics, and help desk

CONUS and OCONUS

50+ Sites

Cyber

Policy compliance, integration, test, sustainment, software/hardware modification, performance evaluation

Security management, testing, quality assurance and sustainment requirements, identity management, audit C&A

Contract Vehicles

Prime

TSS - NNSA
ISS/CYBER BQA -NNSA
8a STARS IIII
(JV, OXEN Designs, 8NXQ2)
Seaport N&G
NIST CMTC MCSA
Wyoming ETS

Subcontract

OPM PHSBS DMDC EMITS
USAF TADS USACE RITS
WWHWSW DIA EDSE
NSF ITMAS
AMTRAK-
CYBER FUSION

Past Performance

U.S. Army Corps of Engineers
DoD Manpower Data Center
U.S. Air Force, U.S. Navy
Defense Intelligence Agency
National Nuclear Security Administration
Office of Personnel Management
National Science Foundation
